SPECIAL CHARACTERISTICS

1 Memory Feature—Prevents four common typing errors: shading or ghosting, piling or crowding, flying capitals, improper spacing.

2 Paper Centering Scale—Provides precise method of centering paper accurately in carriage. 8½” width indicated by triangle provides instantaneous setting for correspondence size paper.

3 Lateral Guide—Can be set easily and positively for specific paper size. Accurate entry of paper in carriage is assured.

4 Paper Bail With Auxiliary Feed Rollers—Holds paper securely in place and makes insertion easier.

5 Paper Bail Scale—A glance shows writing position of paper.

7 Line Space Selection Dial—Adjusts for 1, 1½, 2, 2½, 3 spaces between lines.

8 Push-In Variable Line Spacer—Designed for positive action release.

9 Carriage Release Levers—Provide precise control of carriage.
10 Platen Position Lever—Adjusts platen position for multi-copy packs.
   A—1-4 copies   B—5-8 copies
   C—9-12 copies   D or E—13+ copies
11 Writing Position Indicator—A glance shows the operator exactly at what position carriage is located.
12 Electric Margin Setting—Keyboard controlled.
13 Express Margin—Instant margin at pre-set tab positions.
14 Margin Line Lock—Insures margin boundaries.
15 Margin By-Pass—To type outside either left or right margin.
16 Keytops—Fingertip size keytops. Designed for comfort and speed.
17 Keyboard Lock—During carriage return and tabulation.
18 Large Carriage Return Key—Requires no more effort to depress than keyboard keys.
19 Electric Tabulation—Right hand—left hand.
20 Skip Tabulation—Hold tab bar down and move to next tab setting.
21 Reverse Tabulation—Controlled by carriage return and tab bar to stop carriage at pre-set tab stop position.
22 Tab Set Key—Keyboard controlled electrically.
23 Tab Clear Key—Clears individually and collectively. Keyboard controlled electrically. Clears collectively in either direction.
24 Copies Control Lever—Controls impact for quality carbon copies. Clearly identifies number of copies that may be obtained.
   1-4 copies   5-8 copies
   9-12 copies   13+ copies
25 Repeat Line Spacing—At any margin position.
26 Repeat Forward Spacing—Uniform, smooth operation by holding space bar down.
27 Repeat Back Spacing—Backspace key repeats on second stage depression.
28 Reverse Underscoring—Obtained by using repeat backspace key in conjunction with repeat underscore key.
29 Shift Keys and Shift Lock—Require no more effort to operate than typing keys.
30 Swing-Forward Top Cover—Quick and easy access to clean type or change ribbons.
31 Touch Control Dial—Light, Medium Light, Medium, Medium Firm, or Firm adjustment accommodates individual touch.
32 Fabric Ribbon or Carbon Ribbon (Editor 4-Fabric; Editor 4C-Carbon) With appropriate control selection levers.
33 Page End Indicator—Informs the operator how much typing space remains.
34 Memory Line Finder—Allows typist to go off line and return accurately.
35 Erasing Table—A smooth platform for clean and easy corrections.
37 Horizontal Half-Spacer—For error correction flexibility.
38 Automatic Title-Centering Scale. Assures accurate title centering.
39 Repeat Typing Keys—Underscore and hyphen, X, period, plus and equals.
40 Removable Platen—Easy interchange of platen for special applications.
41 45 Keys—90 Characters.
42 Detachable Cord.
43 Top Cover Lock—When motor is on, top cover cannot be opened.
44 No Interference with Electronic Equipment.
45 Color—Blue is standard.
46 Carriage Locking Lever—Centralizes carriage and locks it.
